In the Robot Skies. Image Courtesy of Liam Young. Speculative architecture investigates scenarios for the future, creating narratives around how different forms of agency shape space and culture.

Speculative Architecture: Where are the Contemporary ...

The Architecture Vision is essentially the architect's "elevator pitch" - the key opportunity to sell the benefits of the proposed development to the decision-makers within the enterprise. The goal is to articulate an Architecture Vision that enables the business goals, responds to the strategic drivers, conforms with the principles, and addresses the stakeholder concerns and objectives.
