Cellular Pathology as Based upon Physiological and Pathological Histology "All cells come from other cells... Where a cell originates it must have been preceded by another cell, just as animals are produced only by other animals and plants by other plants."

## **Cellular Pathology as Based upon Physiological and ...**

These adaptations include hyperplasia, hypertrophy, atrophy, and metaplasia, and can be physiologic or pathologic, depending upon whether the stimulus is normal or abnormal. A cell can adapt to a certain point, but if the stimulus continues beyond that point, failure of the cell, and hence the organ, can result.
