Because this site is dedicated to free books, there's none of the hassle you get with filtering out paid-for content on Amazon or Google Play Books. We also love the fact that all the site's genres are presented on the homepage, so you don't have to waste time trawling through menus. Unlike the bigger stores, Free-Ebooks.net also lets you sort results by publication date, popularity, or rating, helping you avoid the weaker titles that will inevitably find their way onto open publishing platforms (though a book has to be really quite poor to receive less than four stars).

Dreamland Audiobook by David K. Randall

Welcome to Dreamland: Adventures in the Strange Science of Sleep. Randall's writing isn't as breezily hilarious as that of Mary Roach, but Dreamland's structure owes a nod to her work, particularly when he uncovers uniquely twisted avenues of thought. There's the matter of legal ethics, whereby a sleepwalker who killed his father-in-law was acquitted of wrongdoing; the irony of sleeping pills whose effectiveness stems from their inducing short-term amnesia, thus helping you forget ...
