Netherlands in 1917 with the launch of a journal of the same name—has also had a significant impact upon graphic design in the century since its inception, particularly within the work of Dutch designers.

Going Dutch | Grafik

Just because graphic design survey books haven't bothered to report on women in the press room (or for that matter in graphic design prior to the late 1800's) doesn't mean they weren't there. Despite the party line that that printing was strictly a "man's occupation" there is much evidence to the contrary.

18th and 19th C. Advances in Printing - Design History

Mid-Century Modern Graphic Design As touched on above, graphic design in the era of this style became a way of chronicling these bold, new changes to how Americans and the rest of the world lived. From the 1930s to the 1960s, it was
