Below is an image of the transmission fluid which came out of an FJ Cruiser at its first transmission service at 47,000 km. The oil on the right hand side is a sample of the old oil which came out of the transmission; the oil on the left is a new sample of Toyota W5 transmission oil (the specified oil for this transmission). As you can see the old fluid is quite dark and discoloured.

Is there a writeup (with pictures) on the 6 speed manual transmission oil change? Got my MT-90 75W90 GL-4 gear oil lined up to go in. I did search, but all I could find was a writeup for the 4 cylinder, not the 6. It looks pretty straight forward to me, but if there is a writeup, it may be the smart thing to do to read that first.
