Global Communication: Theories, Stakeholders and Trends ...

Communication is more than a tool to craft a positive corporate image so as to gain or protect legitimacy. It is the means through which CSR sustainability-related initiatives are created and disseminated within organizations and among their key stakeholders (i.e., governments, communities, competitors, supply chains, employees).

Rethinking corporate social responsibility in the age of ...

The involvement of non-state organizations in global governance is widely seen as an important step toward global democracy. Proponents of "stakeholder democracy" argue that stakeholder organizations, such as civil society groups and other non-state actors, may represent people significantly affected by global decisions better than elected governments. In this article we identify a ...
