Encyclopaedia Britannica's Transformation

Japan - Japan - Development of the modern system: Many educational institutions existed in Japan even in the feudal period preceding the Meiji Restoration of 1868, a number of which had been subjected to Chinese cultural influences since ancient times. Numerous private temple schools (terakoya), mostly in towns, functioned as elementary schools; reading, writing, and arithmetic were taught by ...

Japan - Japan - People: The Japanese people constitute the overwhelming majority of the population. They are ethnically closely akin to the other peoples of eastern Asia. During the Edo (Tokugawa) period (1603–1867), there was a social division of the populace into four classes—warrior, farmer, craftsman, and merchant—with a peer class above and an outcast class below.
