Physical Education K-12 Learning Standards . SHAPE America's (Society for Health and Physical Educators) National Standards define what a student should know and be able to do as result of a quality physical education program. States and local school districts across the country use the National Standards to develop or revise

Health and Physical Education Standards

national standards. The first step in developing a rubric is to identify essential and critical elements of the performance or task. Then, describe performance indicators for each of those elements. This step greatly affects the quality of the rubric. If elements critical to the performance or task cannot be identified, perfor-

Using Instructional Rubrics in Physical Education

The National Board is an anti-racist and inclusive organization. We believe that educators must help students consider their role in a diverse world, value individual differences, and—especially in times such as these—we believe in the power of the teaching profession to defend what is good and right for all people.
