Much of its collection was seeded by Project Gutenberg back in the mid-2000s, but has since taken on an identity of its own with the addition of thousands of self-published works that have been made available at no charge.

### Seeing New Music Contemporary Classical

Seeing New Music is a collection of personal short stories about the process of designing cover artwork for 'new music' releases. 'New music' is modern classical music. It's contemporary art in musical form - full of ideas just as intriguing and diverse as those you find in the visual art world. Over the last decade, I have faced many challenges in trying to visualise the ideas behind the music. It's been quite a journey!

Contemporary classical music is classical music relative to the present day. At the beginning of the 21st century, it commonly referred to the post-1945 modern forms of post-tonal music after the death of Anton Webern, and included serial music, electronic music, experimental music, and minimalist music. Newer forms of music include spectral music, and post-minimalism

Mozart found that a four chord melody, similar to that of modern pop and rock music, though simple could be beautiful. This simple method allowed him to become one of the most well know composers of all time. Though the roots of music is important, classical music's reach extends further than just a step in music's evolution.
