Burrell Sociological Paradigms and Organisational Analysis ...

A paradigm is a description of the world of human behavior; it is a description of society. A paradigm is a description of the interactions of human beings within any society. Paradigms are broad viewpoints or perspectives that permit social scientists to have a wide range of tools to describe society, and then to build hypotheses and theories.

8.1: The Three Sociological Paradigms and Perspectives ...

The book reveals hidden assumptions made by the organizations' members, the beliefs of 'consultants' or researchers - and divides the presumptions into four separate categories (named 'paradigms' after Kuhn's specification). The authors brilliantly show, how the paradigms influence our perceptions and the ways we look at the organ...
