Sudoku is a popular numbers game that is good for the brain. It's similar to a crossword puzzle, but instead of words, there are certain numbers you have to use: you have to fill in each row, column, and 9-digit box with the numbers 1-9, while using each number only once. So each number is used a total of 9 times.

5 Tips for Sudoku Beginners - Senior Lifestyle

Look for the easy play first: When you first start to play a Sudoku puzzle, look for where you have the easiest opportunities to add a number. Usually this is where there is a crowded square or a row that is almost full of numbers. Sometimes, especially on the Easy-rated Sudoku puzzles, you can quickly use process of elimination to figure out where to place a number.

5 Sudoku Tips for Absolute Beginners | Play Free Sudoku, a ...

Sudoku is a game that attempts to test the mental capacity of a player. It also encourages and requires patience and maximum concentration from a player. Sudoku is also not a game of math because it involves the use of numbers. All you need is to do is engage in some logical reasoning to identify the missing givens and put them in the right cells.
