What is a Connected Educator? - EdTechReview

Originally published via EdSurge. At the end of June a group of passionate, dedicated educators gathered for one of New Jersey's last EdCamps of the 2017 school year.

The Connected Educator - Stimulating and Supporting ...

Connected learning is when someone is pursuing a personal interest with the support of peers, mentors and caring adults, and in ways that open up opportunities for them. It is a fundamentally different mode of learning than education centered on fixed subjects, one-to-many instruction, and standardized testing. The research is clear.

What Is Connected Learning? - Write Learn Lead

Being a connected educator on Twitter breaks down barriers and perceptions, and instead allows you to engage, collaborate, share, and learn globally. By building a PLN, I have support in education outside of my institution that I can turn to for help and inspiration. If I ask a question, I get a few answers almost instantly!
